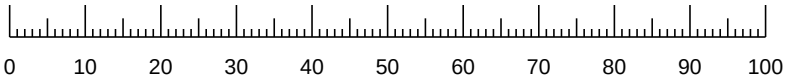
# PDFix printer calibration

Page 1 of 1 | US Letter: 8.5 x 11 inches (215.9 x 279.4 mm)

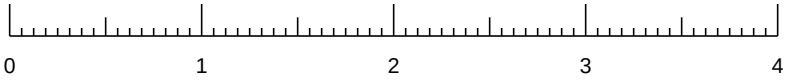
Print at Actual size / 100%. Single-sided. Borderless OFF.

Disable Fit, Shrink, Scale to fit, booklet and multiple pages per sheet.

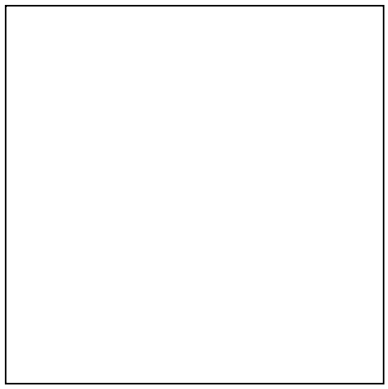
Choose Letter paper in PDFix and the Epson WF-3820 driver.



Horizontal ruler: first mark to last mark = exactly 100 mm



Inch ruler: first mark to last mark = exactly 4 inches



Square: 50 x 50 mm

Measure width and height between line centers.

Both diagonals should be about 70.71 mm.

Record: 100 mm ruler _____ mm; 4 inch ruler _____ inches

Square width _____ mm; height _____ mm; clipped marks? _____

Use a physical ruler. Do not measure the screen or a screenshot.

Small mechanical error is possible. Report deviations over 1 mm;
this is a diagnostic threshold, not certified engineering accuracy.

No printer job was sent automatically. Date: _____ Driver/settings: _____
